

Construction Update

The foundation work on the Middle School Addition is complete. Crews started putting up the structural steel on July 29th and have made substantial progress.

The precast panels for the gym walls will be erected by the end of the month.

Asbestos abatement has been completed in the North and West Wings.

At Lakeside, the Computer Lab has been remodeled to provide an office space for the Technology Coordinator and classroom for Title Reading. There is also new carpet in the library.
